

DENTAL HYGIENE INITIATIVE

GLOBAL RELIEF ASSOCIATION

Thailand is known as the land of smiles. Their smiles are captivating and beautiful. Unfortunately, many of our children and families lack the resources for proper dental hygiene. Many children have visible tooth decay. Poor dental hygiene can lead to more serious conditions including infection to the heart valves.

GRACE provides individual baggies of travel size dental paste, mouthwash, floss and toothbrushes for children. Each child participating in our programs receives a new supply every two months. Our staff instructs the children on proper oral hygiene.

YOU CAN HELP!

Join us in gathering supplies, assembling zipped bags for individuals, and/or donating to the dental project supplies. Make it a fun opportunity to serve as a family, group, church or community project. Together, we are improving the health of multitudes of children and promoting beautiful Thai smiles.

Contact us to coordinate delivery or pick-up of your donated baggies. Another option: order the supplies via Amazon Smiles with our organization as your supporting charity; have the supplies sent to our USA home office at GRACE % Sullivan 78 Adams Chapel Rd SW Cartersville, GA 30120-6001 We will send the supplies to Thailand with travelers coming on mission.
